

# June

## class newsletter

As the academic school year comes to an end, it is hard to

believe that this will be our last newsletter! This month, the class will wrap up the Gardening Study. They will celebrate their learning through a review of the many investigations we explored, and discuss their interest in this healthy hobby. The children will also conclude their knowledge of the alphabet and make letter-sound connections. We will continue to strengthen our math and literacy skills, while building greater independence and confidence in our classroom environment. Together, we will maintain our respect to one another, so that learning will always be fun! ☺

Sincerely,  
Ms. DiRenzo

### Reminders:

- \*Don't forget to bring in Clorox wipes, baby wipes, tissues, & a gallon of water.
- \*Always remember to bring your child's backpack, lunchbox (with ice pack & thermos), and folder to school everyday!
- \*Provide extra bottles of water, as the class enjoys outdoor time more frequently this month.
- \*Please dress your child according to the warmer weather.
