

APRIL

Dear Parents,

This month we will begin our study on Gardening. We will be learning about how to plan and care for our garden, what grows in gardens and who helps gardens grow. We will be having a Gardening day on Monday April 14th where parents can come and plant flowers with their children. As soon as I have more information I will let you know.

This month, we will also be celebrating The Week of the Young Child from April 7th through April 11th. We have activities planned for the whole week, including our trip to the Turtle Back Zoo on April 9th.
